

**When:** July 21-29th, 2018

**Where:** Kentucky

**Who:** Students who have completed grades 9-12, college-age and adult volunteers.

**What: Repairing Homes, Transforming Lives**

By transforming faith into ASP service, volunteers respond to a specific need: housing. By putting aside their own needs and desires, ASP volunteers free themselves to share talent, love, and concern with the people of Appalachia and with one another. More important than construction know-how is a willingness to enter the communities and homes of Central Appalachia with sensitivity, concern, and love — accepting people right where they are and just the way they are.

These four meetings are vital to develop the interpersonal skills, cultural awareness and team dynamics for a successful trip. At these meetings we will also address how we collectively find financial and prayer support for our trip.
